

# 2017 A YEAR OF EXPANDED INFLUENCE

## Good News in Northview Heights!

We are leading an effort to bring the Gospel to the Northview Heights community- including Somali Bantu and Burundi refugees.

**5 individuals who attended the last church service accepted Christ as Savior, including two Somali Bantu.** Please be praying for them to grow in their faith in Christ.

Visit [www.acac.vision.com](http://www.acac.vision.com) or ACAC's Facebook page to view the Ministry Minute on Northview Heights and more!

**WHAT'S ON YOUR MIND?** Please share your questions and concerns regarding the '3 Cs' of Communications, Church Planting and Campus Redesign. Fill out this portion and drop off at the lobby desk!

## Expanded Influence: Campus Redesign

*Pastor Rock talks with Nate Boersma, Communication Director, about the parking garage challenges we've been facing.*

**How should we look at the delay to the parking garage project- is it a setback?**

I like to look at setbacks as setups. We all tend to see something contrary to our plans as a setback, but many times, if you've entrusted your ways to the Lord, setbacks are God's way of setting you up for something that's better than what you were envisioning.

Many have the mistaken notion that if you've got a clear word from the Lord, God will verify that and everything will fall into place smoothly. But the reality is when you're following the Lord, you're going to meet spiritual opposition and the details are subject to change.

A biblical example is Acts 16 when Paul had a clear call to go to Macedonia. He met opposition and ended up in prison, but that's where God miraculously converted the jailer and his family, and Paul's work moves forward in a different way.

Like Paul, when the details of Expanded Influence don't unfold exactly as we anticipated, we won't doubt the call. We'll keep moving forward and trust God to work out the details differently. His 'different' is always better; it's never less.
